

Dr. Zhijiang Chen's Seven Elements Theory

Table of Content

Part One: Seven Elements (Qi Xing)	3
Chapter One: Plant	4
Chapter Two: Warm Energy	11
Chapter Three: Soil	19
Chapter Four: Mineral	31
Chapter Five: Water	36
Chapter Six: Cold Energy	43
Chapter Seven: Air	48
Part Two: Relationship of Seven Elements	51
Chapter One: Basic Information of Eco System	51
Chapter Two: Energy	54
Chapter Three: Relationship of Pattern of Seven Elements	56
Chapter Four: Relationship and Indication of Plant with Six Elements	78
Chapter Five: Relationship and Indication of Warm Energy with Six Elements	80
Chapter Six: Relationship and Indication of Soil with Six Elements	83
Chapter Seven: Relationship and Indication of Mineral with Six Elements	85
Chapter Eight: Relationship and Indication of Water with Six Elements	86
Chapter Nine: Relationship and Indication of Cold energy with Six Elements	89
Chapter Ten: Relationship and Indication of Air with Six Elements	92
Part Three: Seven Element's Property Relates to Life	94
Chapter One: Plant Property Relates to Liver	94
Chapter Two: Warm Energy Property Relates to Kidney	96
Chapter Three: Soil Property Relates to Heart	98
Chapter Four: Mineral Property Relates to Adrenal Gland	100
Chapter Five: Water Property Relates to Pancreas	102
Chapter Six: Cold Energy Property Relates to Spleen	104
Chapter Seven: Air Property Relates to Lung	106
Part Four: Seven Elements Relationship Relates to Life	107
Chapter One: Plant Relationship Relates to Liver	107
Chapter Two: Warm Energy Relationship Relates to Kidney	111
Chapter Three: Soil Relationship Relates to Heart	114
Chapter Four: Mineral Relationship Relates to Adrenal Gland	116
Chapter Five: Water Relationship Relates to Pancreas	119
Chapter Six: Cold Energy Relationship Relates to Spleen	122
Chapter Seven: Air Relationship Relates to Lung	125
Part Five: Forms	128
Summary	133
Reference	134
